## **OPS24 Specification**

## **Overview**

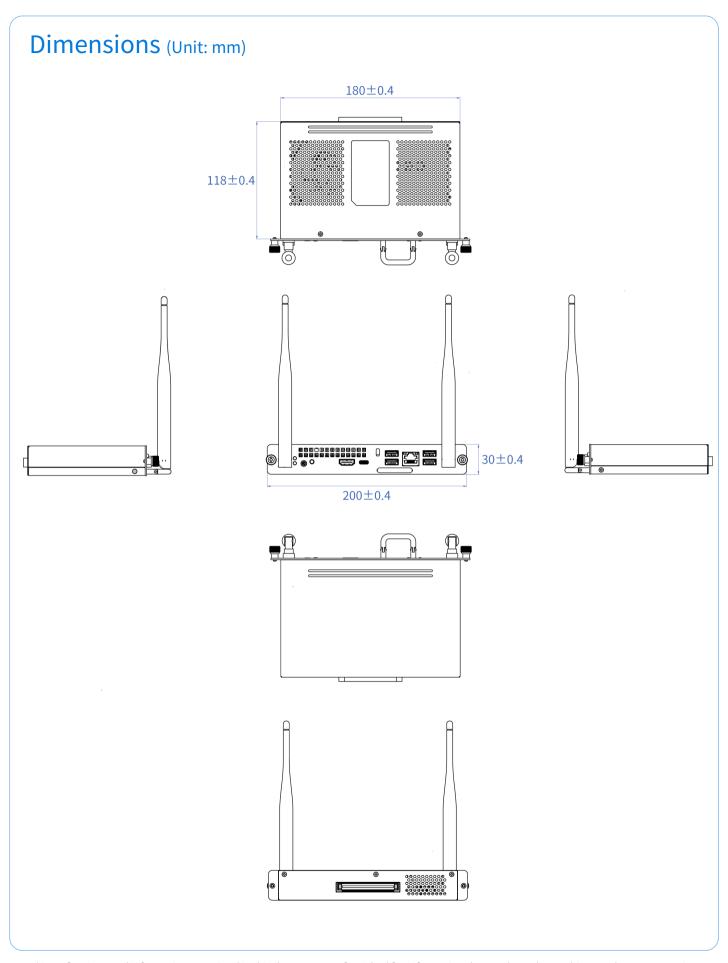

Decenta OPS24 is a standard OPS product, which is built with Intel® Lunar Lake platform. It is an unmatched AI OPS with high performance and low power. It is widely used in education, Interactive conference whiteboard, digital signage and other scenarios.

- Support Intel® Core™ Ultra Processor
- Support LPDDR5X 8533 MoP, Dual channel, Max.32GB
- Excellent AI Performance with NPU 48TOPS and GPU 67TOPS
- Support Wi-Fi 7 and Bluetooth 5.4
- Support M.2 M-Key 2242/2280 SSD, Support PCIe 5.0 X4 mode
- Support 4K@60Hz HDMI® Out, including CEC function
- Rich interfaces with 4x USB 3.2 Gen 1, 1x USB Type-C(DP Alt & USB 3.2 Gen1 Date)
- Support TPM encryption technology

## **Specifications**

|   | Model       |                                 | S24-LNL-OPS24   |
|---|-------------|---------------------------------|---|
|   |             |                                 |   |
| Processor                               |             |                                 | Intel® Core™ Ultra Processor, TDP 17W   |
| Al Performance                          | GPU         |                                 | Up to 67 TOPs   |
|   | NPU         |                                 | Up to 48 TOPs   |
| Memory                                  | Туре        |                                 | LPDDR5X 8533 MoP, Dual channel  |
|   | Capacity    |                                 | Max.32GB  |
| Graphic<br>Network                      | iGPU        |                                 | Intel® Arc™ Graphics *  |
|   | Connector   |                                 | HDMI°   |
|   | Ethernet    | Controller                      | Intel® i219V, Colay with Realtek RTL8111H & Intel® i219LM   |
|   |             | Connector                       | 1GbE RJ45<br>1x M.2 E-Key 2230 Slot for Wi-Fi 7 & BT 5.4,   |
|   | Wi-Fi       |                                 | Support PCIe + USB 2.0 & CNVi Signal  |
| Audio                                   | Controller  |                                 | Realtek ALC897  |
| Storage                                 |             | SSD                             | 1x M.2 M-Key 2242/2280 Slot, Support PCIe 5.0 X4 Mode   |
| I/O                                     | Front       | LAN                             | 1x RJ45   |
|   |             | USB 3.2                         | 4x USB 3.2 Gen 1  |
|   |             | USB Type-C                      | 1, Support DP Alt Mode & USB 3.2 Gen 1  |
|   |             | HDMI° Out                       | 1, With resolution of 4K@60Hz, Support CEC  |
|   |             | Mic In/Headphone<br>2 in 1      | 1x 3.5mm Audio Jack   |
|   |             | LED                             | 2<br>(Power_LED_Red; Power on: Solid Red, S4/S5: Off<br>HDD_LED_Green; Not transmitting data: Off, Transmitting data: Blinking Green)             |
|   |             | Power Button                    | 1   |
|   |             | Recovery button                 | 1, Reserved   |
|   |             | Antenna                         | 2   |
|   |             | Kensington <sup>e</sup> Keyhole | 1   |
|   | Rear        | 80Pin Connector                 | 1<br>(With HDMI° Out of 4K@60Hz, DP of 5K@60Hz)   |
|   |             | DC Jack                         | 1, Reserved   |
|   | Internal    | Fan Header                      | 1x 5Pin header  |
| Cooling system                          |             | em                              | Active Cooling System   |
| Environment                             | Temperature | Operating                       | 0°C-45°C  |
|   |             | Non-operating                   | -20°C-70°C  |
|   | Humidity    | Operating                       | 10%~90% RH non-condensing   |
|   |             | Non-operating                   | 5%~95% RH non-condensing  |
| Feature dTPM                            |             | dTPM                            | V2.0  |
| Noise Value                             |             |                                 | Below 34dB@1m   |
| Power                                   |             |                                 | DC 12-19V   |
| OS                                      |             |                                 | Win 11  |
| Bios                                    |             |                                 | Insyde  |
| Dimensions<br>(Length x Width x Height) |             |                                 | 118mm x 180mm x 30mm  |
| Remark                                  |             |                                 | * Intel® Arc™ graphics only available on select Intel® Core™ Ultra processor-powered systems. Other system confidurations feature Intel® Graphic. |
